President, secretary general, and the board of directors of FIFA

Subject: A proposal to hold Super World Cup or a Cup for the Finals. A brand new idea for holding championship cup competition for the selection of the best and strongest football team of the year worldwide, and expressing our protest against Mr. Sepp Blatter who disclosed our previous ideas to the media and claimed they were his proposals.

Dear Sir/Madam

We, hereby, are submitting our proposal which is a tournament for the finals and would like you to consider it and let us know your idea.

Firstly, our previous proposals to Mr. Sepp Blatter, dating back to 1998 onward, were disclosed in media but in his name, all with dishonesty and breach of trust. Some of these proposals include "awarding the FIFA World Cup championship every two years", "Smart Balls", and "increasing the number of referees". We, however, wrote our objections to him though no time was left for his office! Hence, we would like to ask you please follow these previously submitted proposals of ours thus to let us gain our rights and we also want FIFA to expose to the world the truth and let the world better know the ex-board of directors' corruptions. It is worth noting that the copies of the documents are available on our website. We really appreciate your cooperation and we wish all the best for the new board of directors.

We really hope that the new board of directors will clarify our proposals and ideas in the press and media and this way prove their honesty and trusteeship and never act like the previous board of directors, as they were not honest and

A. Soccer competitions are held in different countries each year world-wide such as European, American, Asian, African Champions Leagues, World Cup, etc.

Our idea is to hold a tournament to make an opportunity so that champion teams play each other and the best and strongest football team of the year is recognized.

B. Since different soccer cup competitions are held in different continents each year and in view that the participating champion teams in cup competitions are different from those in the previous year, this variety makes the tournament more attractive (a combination of national and club teams).

C. In order to recognize the champion team of the cup competition, participating champion teams would better play each other in round-robin format so that all teams (e.g. seven teams) play each other and their performance will appropriately be assessed at the end of the tournament.

D. The outset of summer of each year will be the best time for holding this tournament because the champion teams of different leagues are recognized and they are off duty from their national league for two months.

E. I request you to keep legal rights and advantage of this cup or tournament for me.

The champions of national leagues in Europe; Winners of national FA Cup in Europe; Champions of American countries; Champion of Asian leagues; Champion of African leagues; Winners of European Champions League; Champion of African Club Championship and Winners of the previous edition of the Peace Cup.

2. Champions of 2008-2009

The champions of national leagues in Europe; Champion of UEFA Cup; Champions of American countries; Champion of Asian leagues; Champion of African leagues; Winners of European Champions League; Champion of African Club Championship and Winners of the previous edition of the Peace Cup.

3. Champion of 2009-2010

So there will be a large number of participants in the years when the Soccer World Club Championship Cup is held. Since all teams face each other in a round-robin format championship, the real world champion can be introduced. On the other hand there will be no necessity to hold the current format of the World Soccer Club Championship which is held in Japan. Oceania continent will join the Asian confederation tournaments.
